

MEMBER PROFILE

CENTRE GREY HEALTH SERVICES FOUNDATION

Centre Grey Health Services Foundation is a non-profit organization whose mission is to raise, manage, and disburse funds to support and enrich quality healthcare for residents of and visitors to the Grey Highlands community. In short, the Foundation raises money for healthcare through various fundraising events, campaigns, and donations so that the hospital has everything it needs by way of hospital equipment, furniture, and technology.

Centre Grey Health Services Foundation has been in operation for 21 years. In 1998, the Foundation was formed and our first Board of Directors was sworn in.

The Foundation is run by a volunteer Board of Directors that consists of nine members of the community plus one representative from Grey Bruce Health Services. Each term is three years and directors can sit on the Board for no more than two terms without leaving at least one year.

What makes us special is how dedicated this community is to understanding the importance of donating to keep healthcare local. Aside from the extreme importance of having a hospital available in an emergency situation, our donors realize that having a hospital in our community is economically important. People/families move to communities that have a hospital, real estate is more valuable in towns with hospitals, and

good paying jobs accompany hospitals, to name only a few benefits of having a hospital in the area.

The floor you walk on, the chairs in the waiting room, every desk and filing cabinet, the computer and software that the nurse calls up your records on, the beds, the xray machine, ultrasound, every scalpel, and all equipment in the labs are purchased with donor dollars. Without this supportive community, there would be no hospital!
